Directors' report for the year ended 31 March 2016

The directors present their report and the unaudited financial statements for the year ended 31 March 2016.

Principal activity, review of the business and future developments

The Company is a wholly owned subsidiary of Tata Steel UK Limited ('TSUK'), which is a wholly owned subsidiary within the Tata Steel Europe Limited ('TSE') Group. The principal activity of the Company is that of a holding company for part of TSUK's investment in Corus Engineering Steels (Holdings) Limited. The company is exempt from the obligation to prepare and deliver group accounts under s400 of the Companies Act 2006.

The Company has been dormant as defined in section 1169 of the Companies Act 2006 throughout the year and preceding financial period. It is anticipated that the Company will remain dormant for the foreseeable future.

The Company has chosen to present the financial statements in accordance with FRS 102 '*The Financial Reporting Standard Applicable in the UK and Republic of Ireland*', which entitles the Company to adopt the exemption in paragraph 35.10 of FRS 102 allowing the Company to retain its previous accounting policies, (prepared under UK GAAP), until there is any change to balances or the company undertakes new transactions.

The annual financial statements have not been audited because the Company is entitled to the exemption provided by section 480 of the Companies Act 2006 relating to dormant companies and its members have not required the Company to obtain an audit of these financial statements in accordance with section 476.

The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and preparation of accounts.

The Company's directors do not believe that key performance indicators (or discussion thereof) are appropriate for an understanding of the development, performance or position of the Company. The performance of TSE, which includes the Company, is discussed in its Annual Report & Accounts, which does not form part of this report.

Directors' indemnity

The Company's Articles of Association provide, subject to the provisions of UK legislation, an indemnity for directors and officers of the Company in respect of liabilities they may incur in the discharge of their duties or in their exercise of their powers, including any liabilities relating to the defense of any proceedings brought against them which relate to anything done or omitted, or alleged to have been done or omitted by them as officers or employees of the Company.

Environment

The Company recognises the importance of its environmental responsibilities, monitors its impact on the environment, and designs and implements policies to reduce any damage that might be caused by the Group's activities. The Company operates in accordance with TSE Group policies. Activities designed to minimise the Company's impact on the environment include improving its energy use efficiency and reducing the production of waste (both hazardous and non-hazardous).

Going concern

On 29 March 2016, following a recommendation from Tata Steel Limited ('TSL'), the Company's ultimate shareholder, the directors of Tata Steel Europe Limited ('TSE') resolved to consider all possible restructuring options including the potential divestment of Tata Steel UK Limited ('TSUK'). This process has started and remains ongoing but, pending its conclusion, the outcome of the restructuring or sale remain uncertain. The Blastmega Limited Board has assessed the potential impact of a restructuring or sale of TSUK on Blastmega Limited including the recoverability of the intercompany loan receivable with TSUK.

Based on the mandate of the ultimate parent of the Company, TSL, on 29 March 2016, the Board of TSE announced that it is evaluating all options for TSUK, including the potential divestment. On 8 July 2016, the board of TSL announced that it has decided to also look at alternative and more sustainable portfolio solutions for the European business, including discussions with strategic players in the steel industry in relation to a potential joint venture. Currently, the process of evaluation of potential transactions by TSE is underway and representatives of TSE remain engaged in discussions with the UK and Welsh Government to facilitate the restructuring options. In the absence of a conclusive outcome of a restructuring, sale or another strategic solution there exists an uncertainty over the recoverability of the intercompany loan of £1,659.

However, the Directors continue to adopt the going concern basis in preparing the financial statements. The financial statements do not include the adjustments that would result if the loan was not recoverable.
