STATEMENT PURSUANT TO SECTION 102(1) AND 110 OF THE COMPANIES ACT, 2013 (“ACT”)

The following Statement sets out all material facts relating to Item No(s). 1 to 4 mentioned in the accompanying Notice.

Context for Item Nos 1 to 4:

Regulation 23 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, (‘SEBI Listing Regulations’), as amended vide SEBI (Listing Obligations and Disclosure Requirements) (Sixth Amendment) Regulations, 2021, effective April 1, 2022, states that all Material Related Party Transactions (‘RPTs’) with an aggregate value exceeding ₹ 1,000 crore or 10% of annual consolidated turnover of the Company as per the last audited financial statements of the Company, whichever is lower, shall require approval of shareholders by means of an ordinary resolution. The said limits are applicable, even if the transactions are in the ordinary course of business of the concerned company and at an arm’s length basis. The amended Regulation 2(1)(zc) of the SEBI Listing Regulations has also enhanced the definition of related party transaction which now includes a transaction involving a transfer of resources, services or obligations between a listed entity or any of its subsidiaries on one hand and a related party of the listed entity or any of its subsidiaries on the other hand, regardless of whether a price is charged or not.

It is in the above context that the Resolutions No. 1 to 4 are placed for the approval of the Shareholders of the Company.

Item No 1:**Background, details and benefits of the transaction**

Neelachal Ispat Nigam Limited (‘NINL’), an unlisted subsidiary of Tata Steel Long Products Limited (a listed subsidiary Tata Steel Limited (‘Tata Steel’)) was incorporated on March 27, 1982 to set-up an integrated steel plant to undertake manufacturing and sale of steel products. NINL has a steel manufacturing capacity of 1.1 MTPA, captive power plant of 62MW and captive iron ore mines of -90 MT. The facility is situated in Kalinganagar, Orissa.

Tata Steel Long Products Limited, an indirect subsidiary of Tata Steel Limited has acquired NINL as a part of its strategic growth plan. Since NINL and Tata Steel are in similar line of business and both has a facility at Kalinganagar, there can be various transactions which may take place in view of group synergy.

Considering above, Tata Steel proposes to sell various materials and products to NINL, such as raw materials (iron ore, coke, coal, fluxes etc), semi-finished goods (Direct Reduced Iron, Sinter etc), finished goods (rebar, sheets etc.), scrap, stores and spares etc. Tata Steel also proposes to purchase raw materials, steel scrap, billets, water, iron ore etc. from NINL. Further, Tata Steel shall avail various auxiliary services from NINL for business purpose in area where NINL has requisite expertise and infrastructure. Further, NINL also requires various services from Tata Steel in the area of IT implementation, maintenance, research & development, engineering and consultancy services, leasing of premises, IT assets and other services for business purpose.

Tata Steel and NINL being part of the Tata Steel Group, these transactions will not only help smoothen business operations for both the companies, but also ensure consistent flow of desired quality and quantity of material without interruptions. Further, as manufacturing plant of NINL in Orissa is in close proximity to Tata Steel Kalinganagar Works which reduces freight cost for both companies.

The Management has provided the Audit Committee with the relevant details, as required under law, of various proposed RPTs including material terms and basis of pricing. The Audit Committee, after reviewing all necessary information, has granted approval for entering into RPTs with NINL for an aggregate value of up to ₹ 2,856 crore to be entered during FY2022-23. The Audit Committee has noted that the said transactions will be on an arms’ length basis and in the ordinary course of business.

Accordingly, basis the review and approval of the Audit Committee, the Board of Directors recommend the resolution accompanying Notice to the shareholders for approval.

Details of the proposed transactions with NINL, being a related party of the Company, are as follows:

Item No. 2:**Background, details and benefits of the transaction**

On March 10, 2022, Tata Steel Limited ('TSL') and Tata Steel Long Products Limited ('TSLP') executed a Share Sale and Purchase Agreement with MMTC Ltd, NMDC Ltd, MECON Ltd, Bharat Heavy Electricals Ltd, Industrial Promotion and Investment Corporation of Odisha Ltd, Odisha Mining Corporation Ltd., President of India, Government of Odisha and Neelachal Ispat Nigam Limited ('NINL') for acquisition of 93.71% equity shares in NINL for an aggregate consideration of ₹ 12,100 crore, which reflects the enterprise value (including all recorded liabilities) as part of the said acquisition. TSLP concluded the acquisition of NINL on July 4, 2022 and NINL became its unlisted subsidiary.

This acquisition is expected to provide significant opportunity for Tata Steel to develop a state-of-the-art long products complex in the next few years that will leverage synergies with the shared infrastructure of Tata Steel in that area. NINL is particularly important given its proximity to Tata Steel's Kalinganagar site and its potential to become the long products business hub in the future. The plant is expected to start operations in about six months in a phased manner with an endeavour to ramp-up to its rated billet making capacity of 1.1 MTPA within 12 months, subject to receiving regulatory clearances. TSL's strategy and timing of expansion of steel capacity in India will be based on the underlying demand projections, regulatory conditions, balance sheet prudence and value enrichment of the product portfolio.

Tata Steel's focus on domestic markets aligns with the increasing prominence of India in the global economy and steel industry. Tata Steel Group in India excluding NINL has flat steel capacity of ~16 MTPA and Long steel capacity of ~4 MTPA. Tata Steel aspires to increase its long steel production capacity by 10 MTPA by 2030 and NINL is expected to facilitate such a rapid growth. Hence, NINL plays strategic importance to TSL in its growth journey.

TSL has invested ₹ 12,700 crore in Non-Convertible Redeemable Preference Shares ('NCRPS') of TSLP to assist TSLP in funding its growth plans including the acquisition of and/or subscription to shares of NINL. Additionally, TSL proposes to infuse ₹ 600 crore towards funding various business requirements including ramping up of operations, sustenance capital expenditure and working capital requirements by subscribing to fresh equity share capital of NINL.

The Management has provided the Audit Committee with the relevant details, as required under law, of various proposed RPTs including material terms and basis of pricing. The Audit Committee, after reviewing all necessary information, has granted approval for entering into RPTs with NINL for an aggregate value of up to ₹ 600 crore to be entered within 2 years from the date of shareholders' approval. The Audit Committee has noted that the said transactions will be on an arms' length basis and in the ordinary course of business.

Accordingly, basis the review and approval of the Audit Committee, the Board of Directors recommend the resolution accompanying Notice to the shareholders for approval.

Item No. 4:

Background, details and benefits of the transaction

Tata Metaliks Limited ('TML'), a listed subsidiary of Tata Steel Limited is mainly engaged in production of pig iron and ductile iron pipes, with a production capacity of 6 LTPA of hot metal. TML has a production capacity of 2.55 LTPA of Ductile Iron Pipe (DIP) and 3.45 LTPA of Pig Iron (PI). TML is among the leading producers of PI and DIP and its strategic location gives it a unique advantage in terms of proximity of raw material sources and fast-growing market in East and North India.

Higher prices of commodities have resulted in a significant amount of capital being absorbed by working capital increases for the Company. Steel and raw material prices (especially coking coal) continue to be elevated, driven by the Russia - Ukraine conflict, associated sanctions and consequent supply chain disruptions. With trade defence measures like imposition of export duty on steel sector, there will be volatility in the steel prices.

To better manage the working capital impact, TSL, being a Promoter of TML with 60.03% stake, proposes to render financial assistance to TML by providing revolving inter-corporate deposit for a maximum aggregate value of ₹ 200 crore and to provide Tata Steel's non-fund-based banking facility up to ₹ 600 crore for business purpose, extended by its lenders.

Lending surplus funds within the group will help in ensuring efficient utilisation of cash management and will bring synergy across companies by sharing the pool of resources as it will ensure consistent utilisation of capital at arm's length.

The management has provided the Audit Committee with the details of various proposed RPTs including material terms and basis of pricing.
