National mental health helpline logs 1 lakh calls in six months

ANURADHA MASCARENHAS
PUNE, APRIL 28

THE COUNTRY'S Tele-MANAS free-of-cost helpline logged one lakh calls in the six months since the initiative was set up and marks a significant milestone for the national tele-mental health programme of India, Dr Suresh Bada Math, of-ficer-in-charge NIMHANS Digital Academy and head of the Tele-medicine Centre said today.

He was speaking on 'Digital mental health' at SYMHealth 2023 national conference held at Pune's Symbiosis International University's Lavale campus. Dr Bada Math said that approximately 70 per cent were distress calls, while 20-25 percent required information, and around 5-10 per cent with mental health disorders required professional help.

"Access to mental health care is a big challenge as stigma and availability of trained human resources is still a concern," Dr Bada Math told The Indian Express on the sidelines of the conference. He said that, for instance, people from Bengaluru sometimes do not come to NIMHANS for consultation due to stigma, and instead visit other institutions in other states and vice versa.

About 70 per cent were distress calls, 20-25 per cent wanted information, 5-10 per cent required professional help

Before the Covid pandemic, the country's largest survey done by NIMHANS and Union health ministry (2014-16) showed that at least ten per cent of the population, about 14 crore, suffers from diagnosable psychiatric conditions and at least one crore (0.8%) has severe mental health disorder. Considering the magnitude of mental illness, the resources available are lacking as there are approximately 12,000 psychiatrists and around 60,000 beds for patients with psychiatric disorders.

"The treatment gap for mental disorders ranged between 70 per cent and 86 per cent for different disorders," he said.

The NIMHANS Digital Academy was formed in June 2018 to fill the gap, he said. An urgent need was felt for a digital mental health network in the wake of COVID and Tele-MANAS aimed to provide the same by giving access to mental healthcare services 24x7 to even in the remotest part of the

country. These services are available for all individuals free-of-cost through a toll-free number 14416 / 1800-89-14416.

According to Dr Bada Math, digital mental health refers to using information and communications technologies in medicine and other allied health professions to manage mental illnesses, distress, and health risks and promote wellness. Digital mental health has a broad scope and includes the use of wearable devices, mobile health, tele-health, health information technology, and telemedicine, he pointed out. "Tele-manas has been able to prevent many suicides," Dr Bada Math said.

Dr Rajiv Yeravadekar, Provost, Faculty of Medical and Health Science, Symbiosis International University, told The Indian Express that higher education institutions have played a large role in this pandemic of mental health, and realising this importance they set up Symbiosis Centre for Emotional Well Being to develop a more resilient society.

Earlier Dr Siddhartha Bhattacharya, country director of Access Health International and president of NATHEALTH, inaugurated the 25th edition of SYMHEALTH 2023 and said an integrated approach in healthcare was the need of the hour.

ADANI CEMENT INDUSTRIES has prepaid \$200 million in the past week, helping pare a \$1 billion mezzanine loan taken from global banks to fund the purchase of the Indian units of Holcim, people familiar with the matter said.

The prepayment will help billionaire Gautam Adani's firm seek an extension of the debt taken to fund the acquisition by three years, said

The group got jolted in late January by a report from Hindenburg Research alleging malfeasance, which sent Adani stocks and bonds tumbling. Executives have denied the claims.

Bajaj Auto to boost Chetak's production

RAKESH SHARMA, executive director, Bajaj Auto

PRESS TRUST OF INDIA
New Delhi, April 28

BAJAJ AUTO IS ramping up production of its electric scooter Chetak to touch around 10,000 units a month by June, having overcome supply chain constraints as it gradually expands the sales network of the brand, according to a senior company official.

The company plans to have around 150 exclusive outlets for the Chetak electric scooter by September, and is taking a calibrated expansion keeping in mind the uncertainty over the extension of FAME II scheme for promotion of electric vehicles beyond this fiscal.

"We are trying to get to 10,000 (units) by June. It is a supply chain issue," Bajaj Auto executive director Rakesh Sharma said here on the sidelines of opening of an exclusive Chetak showroom.

The company has reached 5,000 units at present and next month, it will try to get to 7,000 units, he said, adding after that Bajaj Auto would assess how the demand is coming to plan future production roadmap. Sharma said the company had faced problems earlier due to over dependence on certain vendors, who could not supply some parts.

"That we sorted out by the first quarter and it is giving us some confidence...," he said.

Bajaj Auto Urbanite business unit president Eric Vas said the company had suffered production constraints due to the transition to the new battery norm AIS 156B, which came into effect from April 1 for enhanced safety. The constraints have been resolved to a large extent.
