## **Environment**

The Company recognises the importance of its environmental responsibilities, monitors its impact on the environment, and designs and implements policies to reduce any damage that might be caused by the Group's activities. The Company operates in accordance with TSE Group policies. Activities designed to minimise the Company's impact on the environment include improving its energy use efficiency and reducing the production of waste (both hazardous and non-hazardous).

## **Principal risks and uncertainties**

Group risks are discussed in the TSE Annual Report, which does not form part of this report.

## **Employees**

The Company has no employees, as shown in Note 3 of this report on page 5.

## **Going concern**

On 29 March 2016, following a recommendation from Tata Steel Limited ('TSL'), the Company's ultimate shareholder, the directors of TSE resolved to consider all possible restructuring options including the potential divestment of TSUK. This process has started and remains ongoing but, pending its conclusion, the outcome of the restructuring or sale remain uncertain.

TSE and its subsidiaries are financed in part through the Senior Facilities Agreement and other long term loans introduced by the parent from time to time and in part through working capital support provided by Tata Steel Global Procurement Co. Pte Limited ('TSGP') a subsidiary of TSL, under arrangements which have been authorised, and are supported, by TSL. TSL has approved the continued provision of working capital support to TSE and its subsidiaries subject to certain restrictions.

Based on the mandate of the ultimate parent of the Company, TSL, on 29 March 2016, the Board of TSE announced that it is evaluating all options for TSUK, including the potential divestment. On 8 July 2016, the board of TSL announced that it has decided to also look at alternative and more sustainable portfolio solutions for the European business, including discussions with strategic players in the steel industry in relation to a potential joint venture. Currently, the process of evaluation of potential transactions by TSE is underway and representatives of TSE remain engaged in discussions with the UK and Welsh Government to facilitate the restructuring options. In the absence of a conclusive outcome of a restructuring, sale or another strategic solution there exists a material uncertainty for the future of the Company.

For these reasons, while the Directors have a reasonable expectation that the Company has adequate resources to continue operating for the foreseeable future, they have concluded that there exists a material uncertainty which may cast significant doubt on the Company's ability to continue as a going concern.

However, the Directors continue to adopt the going concern basis in preparing the financial statements. The financial statements do not include the adjustments that would result if the Company were unable to continue as a going concern.
