

Samvaad - A Tribal Conclave
Organised by Tata Steel

Tribal Leadership Programme 2019

The Tribal leadership Programme, part of the Samvaad eco system of Tata Steel, is an effort to foster a spirit of 'servant leadership' among young women and men from tribal communities who have inculcated the best of tribal value systems, feel strongly for the tribal discourse in India and demonstrated the will to work towards positive societal change.

The 2019 edition will see 100 youngsters representing 55 tribes from 23 states of India, and commences through a 8 day programme at the Asia Plateau in Panchgani, Maharashtra.

The programme agenda is built to emphasize (a) self-governance, to help address conflicts within oneself, build real relationships and create a strong inner compass which are key elements of community leadership; (b) worldview, to help understand real world issues on development and representation from the lived experiences of the best, appreciate that there may be more than one perspective on an issue and wade through the glut of information that characterizes the current times; and (c) cross learning, through shared stories, debates and experiences within this pan India cohort of TLP.
