Corporate Governance Report

COMPANY'S CORPORATE GOVERNANCE PHILOSOPHY

Corporate governance is the creation and enhancement of long-term sustainable value for our stakeholders through ethically driven business processes. At Tata Steel, it is imperative that our Company's affairs are managed in a fair and transparent manner.

We ensure that we evolve and follow not just the stated corporate governance guidelines, but also global best practices. We consider it our inherent responsibility to protect the rights of our shareholders and disclose timely, adequate and accurate information regarding our financials and performance as well as the leadership and governance of the Company.

In accordance with our Vision, Tata Steel Group ('the Group') aspires to be the global steel industry benchmark for 'value creation' and 'corporate citizenship'. The Group expects to realise its Vision by taking such actions as may be necessary to achieve its goals of value creation, safety, environment and people.

CORPORATE GOVERNANCE GUIDELINES

The Board of Directors ('the Board') has adopted the Tata Group Guidelines on Board Effectiveness to help fulfil its corporate governance responsibility towards stakeholders. We believe that an active, well-informed and independent Board is necessary to ensure the highest standards of corporate governance.

SIZE AND COMPOSITION OF THE BOARD
