SANDIP DAS New Delhi, December 29

THE FERTILISER SUBSIDY for the current fiscal would touch a record ₹2.5 trillion because of a spike in global soil nutrient prices, triggered by Russia-Ukraine conflict, fertiliser minister Mansukh Mandaviya said on Thursday.

However, he stated that the government would not pass on the burden of rising global prices to farmers and ensure that there is no shortage of soil nutrients in the country.

It would be the third year in a row that the annual Budget spending on fertiliser would be above ₹1 trillion mark, against a lower range of ₹70,000-80,000 crore in the past few years.

"We are taking several steps like signing long-term contracts for purchase of fertilisers from various countries so that impact of volatility in the global prices could be managed," Mandaviya said while interacting with farmers and owners of Pradhan Mantri Kisan Samruddhi Kendras (PMKSK) from various states.

Under the scheme, around 0.27 million retail fertiliser shops in the country are being converted into PMKSK in a phased manner.

These centres would provide a host of facilities such as agri-inputs (fertilisers, seeds and implements), testing facilities for soil, provide information regarding various schemes and weather reports.

Prime Minister Narendra Modi had recently stated that the central government has spent over ₹10 trillion over the past eight years to ensure that farmers in the nation are not burdened by the high global fertiliser costs.

In case of urea, farmers pay a fixed price ₹242 per bag (45 kg) against the current cost of production of around ₹2,650 per bag.

The balance is provided by the government as a subsidy to fertiliser units.

For a bag of diammonium phosphate (DAP), the farmers currently pay ₹1,350, while the actual cost of the bag is around ₹4,000.

The government provides subsidies to companies those who manufacture fertiliser and those who import soil nutrients — on the basis of actual sale by the retailers

to the farmers. Industry sources said higher global prices of soil nutrients are seen to inflate fertiliser subsidies to an alltime high of ₹2.3-2.5 trillion in 2022-23, up from ₹1.6

trillion in the last fiscal. Rating agencies — Icra and Crisil — have pegged the government's fertiliser subsidy to cross ₹2.5 trillion in the current fiscal.

However, there are some moderations in the global prices of fertiliser in the recent weeks.

"The worst as far as high global fertiliser prices trend is over," said Arun Singhal, secre-

Approval for nano-DAP soon: Minister

SANDIP DAS New Delhi, December 29

AFTER THE launch of nanourea last year, the government is likely to make available nano-diammonium phosphate (nano-DAP), a variety of soil nutrient, to farmers by 2023 kharif season, fertilisers minister Mansukh Mandaviya said on Thursday.

"All the tests on biosafety and toxicity have been completed, the approval for commercial use of nano-DAP would be announced soon," Mandaviya said in an interaction with farmers here.

He said with the wider use of nano-urea and nano-DAP, the fertiliser subsidy incurred by the government could be reduced significantly over the next couple of years.

Earlier, a fertiliser ministry official had stated that field trials for nano-DAP have been completed and data has been submitted to the agriculture ministry. Sources said nano-DAP will be sold at ₹600 per bottle of 500 ml by farmers cooperative India Farmers Fertiliser Cooperative (Iffco). One bottle of nano-DAP is equivalent to one bag of DAP, which costs ₹1,350 per bag to farmers, while actual cost of a bag is ₹4,000. The gap between actual cost and prices paid by the farmers is borne by the government

under fertiliser subsidy head. Nearly half of India's DAP requirements are imported via West Asia and Jordan.

In June 2021, Iffco launched nano urea in liquid form as an alternative to conventional urea.

Process smooth as ITR and GST filing deadlines approach: Govt

SURABHI New Delhi, December 29

WITH DUE DATES for two key tax return filings approaching, experts believe that the process has been quite smooth this year despite some calls to extend the deadlines.

December 31 is the deadline for filing the Annual Returns for 2021-22 for the Goods and Services Tax.

Entities with an aggregate annual turnover of ₹5 crore in the fiscal 2021-22 are expected to file the annual return in Form GSTR-9 along with a self-certified reconciliation statement in Form GSTR 9C.

Late filing will attract a late fee.

On the direct tax side, taxpayers can file a belated or revised income tax return for the assessment year 2022-23 by December 31.

Belated income tax returns will have to be filed with a late fee while revised returns can be filed without a late fee if the original return had been filed earlier.

In all, over 71.4 million income tax returns have been filed for AY 2022-23 by December 25 this year, of which 64.9 million have already been processed.

"For those who have filed their ITRs well before the due date, the process has been smooth. There are always

been last-minute problems due to heavy volumes.

"However, there have not been too many calls for extending the due date," said a tax practitioner.

GST return filing has also been smooth although there have been issues over reconciliation, according to some filers.

"As such, there have been no glitches, filings have been going on successfully on our platform.

"It is important to finish all reconciliations on a timely basis. It is a key task for filing the annual return and takes time," said Archit Gupta, founder and CEO, Clear.

Bimal Jain, founder, A2Z Taxcorp, also said the GSTR filing system is working properly."The utility is slow due to high volume and heavy traffic for filing at the last minute. One needs to sit down and properly file the annual return and reconciliation statement.

"There are some com-

plaints as Form GSTR 9 and GSTR 9C are not properly configured, which leads to mismatch in the inherent tables of GSTR 9," he said.

Some assesses and a few tax practitioners have sought an extension in the timeline for filing the returns, by at least one to three months.

The Meerut Tax Bar Association has written to the finance ministry seeking an extension in the last date for filing of GSTR 9, GSTR 9C and income tax returns for non-audit category of assessees to March 31, 2023 from the current December 31, 2022.

Aadhaar e-KYC transactions up 22% in Nov

AADHAAR-BASED E-KYC transactions increased by 22% month-on-month to 28.75 crore in November while the cumulative number of the transactions crossed 1,350 crore, an official statement said on Thursday.

The November month also recorded an 11% month-onmonth rise in Aadhaar authenticated transactions to 195.39 crore in November, it added.

"Aadhaar usage by residents is witnessing continued progress across the country. In November alone, 28.75 crore e-KYC transactions were executed using Aadhaar, a 22% growth over the previous month.

By the end of November 2022, the cumulative number of e-KYC transactions has gone up to 1,350.24 crore," the ministry of electronics and IT said in the statement.
