Tata Steel: 1QFY2026 Production and Delivery Volumes (Provisional)

Mumbai, July 08, 2025

All Figures are in million tons

Items	1QFY26 (Provisional)	4QFY25 (Actual)	1QFY25 (Actual)
Production volume¹:			
Tata Steel India ²	5.26	5.44	5.27
Tata Steel Netherlands	1.70	1.63	1.69
Tata Steel Thailand	0.33	0.32	0.31
Delivery volumes³:			
Tata Steel India ²	4.75	5.60	4.94
Tata Steel Netherlands	1.50	1.75	1.47
Tata Steel UK	0.60	0.63	0.68
Tata Steel Thailand	0.34	0.33	0.31

Notes: 1. Production Numbers: India - Crude Steel Production; Netherlands - Liquid Steel Production; Tata Steel Thailand - Saleable Steel Production. 2. India includes Tata Steel Standalone and Neelachal Ispat Nigam Ltd on proforma basis. 3. Deliveries are prior intercompany eliminations.

- In 1QFY26, Tata Steel India crude steel production was 5.26 million tons and deliveries were 4.75 million tons. The maintenance related shutdowns in Jamshedpur (reline of G Blast Furnace) as well as at Neelachal Ispat Nigam Limited (NINL), have led to decline in finished goods production adversely impacting our deliveries. Operations have since resumed at NINL and the reline of G Blast Furnace is progressing and is expected to be completed in July 2025.
- Key highlights of domestic deliveries for the quarter:
 - 'Automotive & Special Products' vertical deliveries were around 0.77 million tons and were aided by 4% YoY growth in hi-end products. Tata Steel has received grade approvals for ultra-high strength steel from the recently commissioned continuous annealing facility at Kalinganagar. This places us on par with global leaders with capability to service the need for lightweighting and advanced mobility applications.
 - 'Branded Products & Retail' vertical deliveries were 1.46 million tons and of this, Tata Tiscon was 0.48 million tons and Tata Astrum & Tata Steelium together accounted for around 0.81 million tons.
 - 'Industrial Products & Projects' vertical deliveries were 1.6 million tons driven by value accretive segments such as Engineering and Ready-to-use solutions. Engineering witnessed a growth of 5% YoY, on account of improved volumes to Oil & Gas and Railways. SmartF@B, our ready-to-use solutions, grew 66% YoY. During the quarter, we successfully introduced India's first ever corrosion resistant air-cooled bars for coastal regions.
 - Gross Merchandise Value from our e-commerce platforms, Tata Steel Aashiyana and DigECA, was Rs 1,350 crores and increased 39% YoY.
- Tata Steel Netherlands liquid steel production in 1QFY26 was 1.7 million tons and deliveries were 1.5 million tons. Production as well as deliveries were marginally higher on YoY basis.
- Tata Steel UK is serving its customers via downstream processing of purchased substrate. Deliveries for the quarter stood at 0.6 million tons. Work on the EAF project is progressing with construction at Port Talbot on course to commence this month.

Disclaimer

Statements in this press release describing the Company's performance may be "forward-looking statements" within the meaning of applicable securities laws and regulations. Actual results may differ materially from those directly or indirectly expressed, inferred or implied. Important factors that could make a difference to the Company's operations include, among others, economic conditions affecting demand/ supply and price conditions in the domestic and overseas markets in which the Company operates, changes in or due to the environment, Government regulations, laws, statutes, judicial pronouncements and/ or other incidental factors.
