HC questions MU over delay in affiliations

Urvi Mahajani

MUMBAI

The Bombay High Court on Thursday questioned the University of Mumbai over delays in processing affiliation applications of law colleges, saying institutions cannot be penalised if the university fails to act within a reasonable time.

A bench of Justices Riyaz Chagla and Farhan Dubash was hearing petitions by law colleges challenging reduced intake and penalties over alleged deficiencies.

Advocate Pooja Thorat, appearing for five colleges, said faculty approval applications had been pending since 2025 despite appointments meeting Bar Council of India norms. "If they need your assistance to comply and you don't respond, can you hold them guilty?" Justice Dubash asked.

University counsel Rui Rodrigues said timelines existed and faculty deficiencies received priority. The bench also questioned penalties imposed on July 20 despite deficiencies being known since December 2025. In one case, a college agreed to pay ₹10 lakh under protest, after which conditional affiliation was granted. The matter will be heard on August 4.

3rd-party probe in Chembur tree fall

Devashri Bhujbal

MUMBAI

In the case of the Chembur tree fall that killed an 11-year-old boy and injured four other children, the BMC has appointed botany expert and former Vice-Chancellor Professor Dr Sanjay Deshmukh to conduct a fresh investigation as part of a third-party inquiry after its preliminary report was rejected by the civic general body and Mayor Ritu Tawde.

The third-party committee has been directed to submit its report within a month, the civic administration said on Thursday.

The incident occurred on June 30 when a roadside tree collapsed on a school bus, killing Vihan Shrivastav, 11, and injuring four other children.

A preliminary inquiry conducted by a two-member committee comprising deputy municipal commissioners had prima facie given a clean chit to the roads and garden departments while imposing penalties on the contractors for negligence.

However, the findings were rejected by the BMC general body, which objected to no action being recommended against officers or engineers allegedly responsible for the incident. The mayor subsequently directed the administration to involve independent experts and a third party for a fresh probe.

Professor Deshmukh will independently examine the methodology adopted by the preliminary inquiry committee and analyse the evidence placed before it. The investigation will assess the earlier report from the perspectives of engineering, botany, ecology, drainage, sewage disposal, road construction, meteorology, soil science, public administration and other relevant disciplines.

The inquiry will also scientifically examine the observations made in the preliminary report, independently determine the root cause of the mishap and evaluate the interim measures recommended by the earlier panel.

"All department concerned heads will be instructed to provide the necessary documents to the committee and remain present during the site visit. All necessary cooperation will be extended by the departments concerned to enable the committee to submit its report," the civic administration said.

WR to deploy authorised train vendors

FPJ News Service

MUMBAI

After Central Railway, Western Railway (WR) will introduce 40 authorised non-catering vendors on Churchgate-Virar trains to curb illegal hawking and improve passenger convenience. The initiative is expected to earn the railway ₹25-27 lakh annually. Vendors will be allowed to sell only non-food items, including pens, handkerchiefs, magazines, mobile accessories, toys and household products. Food and beverages will remain prohibited.

WR has begun appointing a contractor to deploy the vendors, who will receive official identity cards and licences. Officials said this would help passengers and railway staff distinguish authorised sellers from illegal hawkers. Despite regular drives by the Railway Protection Force and Commercial Department, 20-25 unauthorised vendors are caught daily on the suburban section. Many return after action. Officials expect the system to improve accountability and enable immediate action against unlicensed sellers.

WR plans Bandra-Khar rail flyover rebuild in just 45 days

FPJ News Service

MUMBAI

WR 6th Line Project

- **45 days** – Flyover rebuild target
- **90 days** – Earlier proposed shutdown
- **30.04km** – Mumbai Central–Borivali corridor
- **15** bridges to be built
- **13.3km** of earthwork
- **14/29** Utilities shifted

Western Railway (WR) is planning to rebuild the Bandra-Khar Road rail flyover in just 45 days – half the originally proposed 90-day shutdown – using precast construction technology and advanced engineering methods to accelerate one of the most critical components of the Mumbai Central-Borivali sixth railway line project. The plan, subject to final approvals, envisages demolition, reconstruction and commissioning within a single mega block.

The existing flyover carries Harbour Line services between CSMT/Panvel and Goregaon and obstructs the alignment required for the sixth railway line. Once reconstructed, it will create the space needed to lay the additional track, enabling better segregation of suburban and long-distance train operations while increasing corridor capacity.

The sixth line, being executed by WR in association with Mumbai Railway Vikas Corporation (MRVC) under the Mumbai Urban Transport Project (MUTP) Phase II, spans 30.04km between Mumbai Central and Borivali. While the Khar Road-Borivali section has already been commissioned, work on the remaining Mumbai Central-Khar Road stretch is considered the most challenging because of dense urban development, utility shifting, station modifications and major engineering works.

According to railway officials, most land acquisition has been completed, with only a small parcel of government land at Lower Parel awaiting statutory clearances. All five engineering sanction proposals have been approved, utility shifting has commenced, four of the five planned electrical buildings have been completed, and signalling, telecommunication and overhead equipment works are progressing.

The remaining works include construction of 15 bridges, nearly 13.3km of earthwork, new island platforms, foot over bridges, service buildings, track linking and electrical installations. Western Railway must also rehabilitate project-affected persons in Bandra East, construct new Platforms 7 and 8 at Bandra, modify station infrastructure and relocate railway buildings and utilities at Mahim, Lower Parel and Mumbai Central.

The Bandra-Khar flyover reconstruction is regarded as the project's most complex engineering task. During the proposed mega block, Harbour Line services between Bandra and Goregaon are expected to remain suspended or curtailed, with many trains likely to terminate at Bandra. WR is preparing a detailed traffic management plan to minimise inconvenience to lakhs of daily commuters.

Officials said major civil work tenders are expected to be processed in phases from August 2026, with innovative precast segmental construction techniques being adopted to ensure faster execution without compromising safety.

'Clarify stand on PM's clay idol appeal'

Urvi Mahajani

MUMBAI

The Bombay High Court on Thursday asked the Maharashtra government to clarify its stand on Prime Minister Narendra Modi's appeal urging citizens to use only eco-friendly clay idols during the Ganesh festival and adjourned the hearing to August 4. The adjournment came after an advocate for the Akhil Sarvajanik Utsav Samiti Maharashtra, representing Ganesh mandals statewide, said the organisation would wait to see whether the government was "in favour of us or against us" before making submissions. On Wednesday, the state informed the court that Chief Minister Devendra Fadnavis would convene a stakeholders' meeting on July 31 to discuss the appeal.

A bench of Justices Ajey Gadkari and Kamal Khata is hearing petitions concerning implementation of the Central Pollution Control Board's revised 2020 guidelines, which prohibit immersion of plaster of Paris idols in natural water bodies.

The matters include a public interest litigation filed by environmentalist Rohit Joshi seeking strict enforcement and petitions by PoP idol manufacturers challenging the guidelines.

Advocate Uday Warunjikar, appearing for the manufacturers, said they would hear the government's stand after the July 31 meeting and advance arguments later.

TET paper leak: All 15 accused to face questioning jointly

Danish Azmi

BHIWANDI

In the Maharashtra Teacher Eligibility Test (TET) paper leak case, officials will conduct face-to-face interrogation of all 15 arrested accused after a Bhiwandi court on Thursday remanded 14 of them to police custody till August 3.

The Court of Judicial Magistrate First Class (JMFC) SS Ghodke passed the order after police argued that simultaneous questioning was essential to establish the sequence of events, identify contradictions in the statements of the accused and unravel the operational structure of the alleged paper leak syndicate.

Bhiwandi court sends 14 accused to police custody till August 3

Of the 14 accused, 12 had earlier been lodged in judicial custody, while two were already in police custody. Another accused, Sonu Kumar Diwakar, who surrendered before the Bhiwandi court on July 28, is in police custody till August 2. The order now gives investigators access to all 15 accused for coordinated questioning.

The probe gathered momentum after the alleged kingpin, Bijender Gupta, and his associate Indrajeet Singh alias Piku were arrested on July 25. Diwakar's subsequent surrender took the total number of arrests in the case to 15.

Following these developments, investigators approached the court seeking custody of those earlier sent to judicial custody so that all the accused could be questioned together.

MUMBAI

The Central Bureau of Investigation (CBI), in coordination with the Ministry of External Affairs (MEA), the Ministry of Home Affairs (MHA) and the Maharashtra Police, secured the deportation of Red Notice subject Rahul Shamrao Kalokhe from Fiji to India on Thursday.

Kalokhe is wanted in connection with a large-scale investment fraud case. He, in conspiracy with his associates, allegedly induced people to invest money by making false promises of exceptionally high and assured returns. Subsequently, several investors deposited substantial amounts under various investment schemes.

The accused allegedly misappropriated investors' funds for personal gain and later absconded to evade investigation and legal proceedings.

Accused allegedly misappropriated investors' funds and absconded

At the request of the Maharashtra Police, the CBI got a Red Notice issued against Kalokhe through INTERPOL channels. He was subsequently geo-located in Fiji and arrested by the local authorities. Following due process, Kalokhe was deported. An escort team travelled to Fiji to bring him back, and the team arrived in India with the accused on Thursday.
